

St Mary Witnesham APM Report 2023-24

Dear All,

St Mary's Witnesham is the parish church for the people of Witnesham and is there for everyone in the community.

We continue to hold services twice a week Tuesday 9.30-10am and Sunday 10-11am. Everyone is welcome.

Throughout the year we have held events for the community, including men's breakfasts.

We pray for everyone in the community and are here as a church family to serve the needs of the village.

Alongside Sunday services and events throughout the year we continue to see people coming for baptism, confirmation, for weddings and celebrating the lives of people through their funeral services. These services are there for anyone in the village.

In this coming year we are continuing to listen to the needs of the village, to be a place of welcome for anyone and a regular worshipping community for all to experience the love of God. As a church we are open to new ideas and would love to work with others to continue to see Witnesham as a joyful place to live and where all people thrive.

With my prayers for you
Charlotte
