

Village Voices Report 2018

Villages Voices is a community choir that currently comprises around 30 members and is always open to anyone who'd like to sing. There are no auditions. We meet fortnightly at Witnesham Baptist Church. Our repertoire now covers folk, gospel, classical, and modern ballads etc.

Last July we held a concert in Witnesham parish church to celebrate the completion of the new building work. Our annual charity concert in December raised over £500 for Lighthouse Women's Aid. We serenaded the Chantry Ladies Group in June at Chantry Academy.

We continue to entertain residents at various nursing and residential homes in Ipswich – these are always appreciated by staff and residents, and choir members enjoy the events.

If you would like us to sing at an event please get in touch with Christine.
